International Higher Education Hub in the Heart of Turkey

THE Impact Rankings

In 2023, Abdullah Gül University (AGU) has ranked among the top 200 universities in the world and has added a new one to its international achievements. This achievement comes from the recognition of AGU's international accomplishments in the Social Impact Rankings by Times Higher Education (THE), which is considered one of the most prestigious higher education assessment organizations.

Ranking 28th in the category of No Poverty (SDG 1), 74th in Partnerships for the Goals (SDG 17), and 98th in Quality Education (SDG 4), AGU has increased its performance by six points compared to the previous year, thanks to numerous activities and projects that contribute to the society.

THE Asia Awards 2023

Abdullah Gül University (AGU) took the prize for Outstanding Contribution to Environmental Leadership of the Year in the 2023 Times Higher Education (THE) Awards Asia.

AGU, nominated for Asian awards with its multidimensional approach to climate change and the strategy of achieving excellence, secured the top position after a thorough evaluation.

WURI

AGU participated in the newly launched WURI – "World's Universities with Real Impact" ranking, created by the Hanseatic League of Universities, HLU), of which AGU became a member.

- Surpassing the world's most prestigious universities and being the only university from Türkiye to enter the rankings, AGU achieved great success by being ranked 15th in the 2023 WURI Global Top 100 Innovative Universities list. AGU has also ranked 1st in the world in the Top 50 Student Mobility and Openness category of WURI 2023.

QS (Quacquarelli Symonds)

AGU has been included in the Ranking of Developing European Countries and Central Asian Universities (EECA) by the world's prestigious Higher Education Rating Organisation QS (Quacquarelli Symonds).

In the list, AGU ranked 1st among universities in Turkey in the number of citations per publication, and 2nd among the Universities in Developing European Countries and Central Asia (EECA).
