

The Term Evaluation Meeting of the Consortium Internship Project

The grants provided by the European Commission in the field of higher education, which were carried out under the Erasmus+ Programme between 2007-2013 (Lifelong Learning Programme) and 2014-2020, continue under the Erasmus+ Programme between 2021-2027. One of the activities within the scope of the 2021-2027 programme period is the mobility consortium in the field of higher education.

The aim is to utilise the professional contacts of the partnership to provide professional experience abroad for more young people from Kayseri. In addition to this, it is aimed to examine on-site innovative practices that can lead to better quality education and institutional modernisation.

In the 2021-2027 programme period, the partnership structure of our project, whose new accreditation application was accepted by the Turkish National Agency, has been expanded. As of 2021, Sivas Cumhuriyet University and Sivas Science and Technology University were included in our consortium project as of 2023.

We came together for the term evaluation meeting of the consortium internship project, which we carry out in partnership with Kayseri Chamber of Commerce, Erciyes University, Nuh Naci Yazgan University, Sabancı University, Sivas Cumhuriyet University, Sivas Science and Technology University, Kayseri Chamber of Industry, ÜSAİV University Industry Research Cooperation Foundation.
